EDUCATION

08/2020 – 06/2025

Trondheim

Industrial Economics and Technology Management

Norwegian University of Science and Technology

- *Master of Science. Third year student with a particular interest in software development, project management, agile methods, and programming. Academic specialization: computer science with in-depth focus on software systems.*

08/2015 – 06/2018

Asker

Senior High School

Asker Videregående Skole

EMPLOYMENT HISTORY

06/2023 – 08/2023

Oslo

Appfarm AS

Position: Solutions Engineer Intern

- *Worked with Appfarm Create, a full-stack no-code development tool. Developed a solution for a customer together with another intern and a mentor. Gained experience with agile development in a small team, as well as managing customer relations.*

02/2020 – 07/2020

06/2021 – 07/2021

Asker and Bærum

Securitas AS

Position: Security Guard

Worked as a Security Guard at several locations after completing my military service. Developed great communication and conflict management skills, as well as being used to a fast-paced and stressful working environment. Returned to my position as Security Guard for the summer season,

VOLUNTEER WORK

08/2021 – 08/2024

Trondheim

UKA-23 and Studentersamfundet in Trondheim

Technical manager – Video Committee (as part of UKA and Studentersamfundet i Trondhjem)

- *Studentersamfundet in Trondhjem is a student organization with approx. 16100 members. Its mission is to be the natural meeting place for students in Trondheim, operating both concert stages, bars, and a restaurant. Every other year, Studentersamfundet arranges UKA. UKA is Norway's largest cultural festival. It is entirely driven by volunteering students. My role as technical manager in the Video Committee is to allocate resources according to our technical capacities, manage staffing of video technicians and delegate tasks in an efficient manner within the committee. I am also the main video-technical consultant towards the UKE-board in the planning phase of the festival.*

MILITARY SERVICE

01/2019 – 01/2020

Bardufoss

Conscription – Military service

Private 1st class – Signals Battalion – Brigade Nord

- Completed my conscription service as a combat truck driver within the Signals Battalion located at Bardufoss, Norway. I also served as an assistant at company-level staff. I was promoted to the rank of Private 1st class (NO: ledende menig) towards the end of my service.
